BOX AMENDMENT

Commissioner for Patents and Trademarks

Washington, D.C. 20231

Sir:

AMENDMENT

This application has been examined in an Office action having a shortened statutory period of reply set to expire July 11, 2001. This amendment is responsive to that Office action.

**Specification**

1. The Examiner has stated that the title of the invention is not descriptive and has required a new title that is clearly indicative of the invention to which the claims are directed. The new title meeting the Examiner's objection is set forth in clean copy form on page 3 of this amendment.

2. The Examiner objected to the disclosure because of informalities. Namely, "506" on page 13, line 23 should be changed to "606" and "508" on line 26 should be changed to "608." The corrected paragraph is set forth in clean copy form on page 4 of this amendment.
